Hi Tom,

Please see attached a draft response to comments on the acetamiprid ID for your review. I did not have time to become familiar with all of the honey bee details, so I am relying on you to make sure I get those sections correct.

I know I got carried away in some of my responses and anticipate you will help shorten this.

Deliberative Process / Ex. 5

I have offered to let the neonic team comment on this document as well, so I would like to get ERB4 review relatively quickly if possible.

Thanks in advance for your review.

Katrina
